

Stata
PhD Class – ENS Paris Saclay

January 2019

Instructor: Clément Nedoncelle

Contact : clement.nedoncelle@inra.fr

Webpage : www.clementnedoncelle.eu/stata-ens

Class organization

- 4 lectures of 3 hours are planned on Mondays 7, 14, 21 and 28 of January, from 2pm to 5pm.
- Classes will be in English

Objectives

The class will provide the students

- An overview of how Stata works
- The ability to use the software to make some data management
- The ability to use the software to make some basic econometrics
- Some insights about how to get improved after the class, and know where to search for the answer.
